ABOUT ME

Detail-oriented Computer Science Diploma student (CGPA: 3.11) with proven academic project experience in full-stack web development (PHP, JavaScript, HTML/CSS, MySQL) and Object-Oriented Programming (Java). Adept at translating user requirements into functional software systems and structured documentation (SRS). Seeking a Software Development Internship to contribute strong coding fundamentals, database design skills, and creative problem-solving to an innovative technical team.

EDUCATION

Diploma in Computer Science

Universiti Teknologi Mara (UiTM) Machang Campus | Current CGPA: 3.11

Sep 2024 – Present

Sekolah Menengah Rantau Panjang, Kelantan

2020 - 2023

Sijil Pelajaran Malaysia (SPM)

TECHNICAL PROJECTS

Online Bookstore System | PHP, JavaScript, HTML/CSS, MySQL

- Developed a full-stack online bookstore with user login, book catalog, shopping cart, and order management features.
- Designed and managed a MySQL database to store book, customer, and order information.
- Implemented CRUD operations to add, edit, update, and delete records.

Masmed Hub Parcel Management System | PHP, JavaScript, HTML/CSS, MySQL

- Developed a parcel management system to help staff track and manage parcel collection.
- Created features for parcel registration and status updates using a MySQL database.
- Improved the parcel collection process by reducing manual work and making records easier to manage.

Cafe Order Management System | Java

- Developed a desktop cafe ordering system using Java and Object-Oriented Programming (OOP).
- Applied OOP concepts such as inheritance, encapsulation, and polymorphism.
- Implemented bill calculation, order processing, and menu management features to improve efficiency.

LEADERSHIP & ACTIVITIES

- Served as Komander Kesatria member, actively involved in discipline-based leadership and training activities.
- Exco Multimedia & Publicity (Prosis/GPS): Managed multi-platform social media (TikTok/IG/FB) and designed digital assets for awareness campaigns.
- Entrepreneurship (ENT300): Successfully managed a micro-business involving digital sales, marketing, and profit-loss reporting.

SKILLS

- Languages & Databases: PHP, JavaScript, HTML5/CSS3, Java, C++, SQL, MySQL
- Frameworks & Tools: Git/GitHub, VS Code, IntelliJ IDEA, XAMPP, Laragon
- AI-Native Dev Tools: Cursor AI, Antigravity, GitHub Copilot, Prompt Engineering, LLM-Assisted Debugging
- Multimedia: Canva, CapCut, Social Media Graphic Design
